<u>INSTITUTION/CONTACT PERSON:</u>			
	Last Name	Agnese	First Name Stunda-Zujeva
Institution		Riga Technical University Faculty of Materials Science and Applied Chemistry Institute of General Chemical Engineering	
Role in the institution		Docent, Researcher	
Address		Paula Valdena 3	
Town		Riga	Country Latvia
Telephone		+371 26397629	Email Agnese.Stunda-Zujeva@rtu.lv
Homepage address of the institution		University: www.rtu.lv ; Institute: http://vkti.rtu.lv/en	
<u>INFORMATION ABOUT THE PLANNED PROJECT:</u>			
Erasmus+ International co-operation Activity (higher education sector) – type of the project idea		Please, tick the appropriate one/ones: <input type="checkbox"/> Erasmus+ KA1: International students and staff credit mobility <input type="checkbox"/> Erasmus+ KA1: Erasmus Mundus Joint Master Degrees <input checked="" type="checkbox"/> Erasmus+ KA2: Capacity Building Higher Education in Partner Countries - <u>Joint Projects</u> <input type="checkbox"/> Erasmus+ Jean Monnet programme	
Discipline / Academic field		Chemical engineering, Materials science, Biomaterials, Ceramics	
Institution's preferable role in the project? (applicant/partner)		<input type="checkbox"/> Applicant <input checked="" type="checkbox"/> Partner	
Working language of the project consortium, language of the project application		Language of the project application – English Working language of the project consortium – English, Russian	
Duration of the project		2-3 years	

<u>PROJECT DESCRIPTION:</u>
<p>Objectives Curriculum development: modernisation, accessibility and internationalisation of higher education in the Partner Countries in a field of Chemical engineering, Materials science, Biomaterials and/or Ceramics</p> <p>Outcomes: innovative approaches for addressing their target groups, by providing for example: more attractive education and training programmes, in line with individual needs and expectations;</p>

Partner Search Form

Activities

- development, testing and adaptation of:
 - curricula, courses, learning materials and tools;
 - learning and teaching methodologies and pedagogical approaches, especially those delivering key competences and basic skills, language skills and focusing on the use of ICT;
 - new forms of practical training schemes and study of real- life cases in business and industry;
 - university-enterprise cooperation, including the creation of business start-ups;
 - guidance, counselling and coaching methods and tools;
 - tools and methods for professionalization and professional development of academic and administrative staff;
- upgrading of facilities necessary to the implementation of innovative practices (e.g. for new curricula and teaching methods, for the development of new services, etc.);

Results

- increased quality of education and training;
- education and training that are better aligned to the needs of and opportunities offered by the labour market, and closer links to business;
- increased motivation for language learning through innovative teaching methods or better links to practical use of language skills required by the labour market;
- reinforced interaction between practice and research.

From Programm guide: Curriculum reform projects, in particular, are expected to include training for teaching staff and address related issues such as quality assurance and employability of graduates through links to the labour market. Study programmes must be officially accredited before the end of the project time life. The teaching of new or updated courses must start during the life-time of the project with an adequate number of students and retrained teachers and has to take place during at least one third of the project duration.
