

Narxoz University, Almaty Kazakhstan is interested in cooperation on joint research programme, joint undergraduate/ postgraduate programmes, academic mobility programme for faculty and students, joint Erasmus+ projects, summer schools, exchange modules, etc.

Our University has recently opened its doors to international scholars and researchers and we are quickly diversifying our staff with international expertise from Europe, Asia, and North America. We are most hopeful that we might advance this good work by starting cooperation with other universities through Erasmus+ projects.

Narxoz University is one of the leading economic universities in Kazakhstan, established in 1963, which currently has more than 7.000 undergraduate and graduate students and more than 90.000 Alumni. With regards to excellence in education, the university is a leading higher education institution in Kazakhstan in 6 academic specializations (Economics, Finance, Accounting, HRM, Statistics and Business education). The university's educational programs were top rated by the Independent Rating of Universities in the Republic of Kazakhstan in 2016. The University is highly innovative in educational process and technology. There are numerous activities targeted at innovations, such as: master classes, Business incubator for students (first commercial incubator in Kazakhstan), development of e-learning and blended programs, MOOCs integration into teaching, flipped classroom, competence based approach, diploma project instead of theoretical thesis for undergraduate study programs, increased internationalization.
